Subtotal Conditional Approvals for FY 2009: 32,439
Actual Regular Appropriation Approvals 32,884

Funds were committed for Conditional Approval projects using American Recovery and Reinvestment Act (ARRA) and regular appropriations during Fiscal Year 2009. These funds will be awarded provided that all requirements are met within 180 calendar days of the Conditional Approval. Failure to meet all requirements within 180 calendar days will result in the loss of the funds conditionally awarded and, at the states request, ranking of the project on the FY 2011 Priority List.

There are five Priority Group 1 projects deferred by the states until FY 2011 and they will not be considered for grant awards during FY 2010.

Applications in Priority Group 1 will be funded in FY 2010 in the order in which they appear on this list, subject to the availability of Federal funds and compliance with all Federal requirements.
