

**Join an organization whose people make a difference every day  
and where commitment, initiative, and leadership are  
recognized and rewarded!**

The Long Island State Veterans Home, located on the campus of Stony Brook University, is a 350-bed skilled nursing facility with a 40-slot adult day health care program dedicated to the care of honorably discharged veterans of the United States Armed Forces. We are seeking candidates for the following position:

## **Deputy Director of Nursing**

**Required:** BSN, Master's degree in Nursing or in a related health care field. RN license in NYS. Eight years of post-licensure experience to include three years of nursing management experience in a hospital or nursing home. Experience in education and/or quality assurance.

**Preferred:** Computer competency, experience in budget preparation, nursing home management experience, and/or certification in gerontology or equivalent course work.

**To apply, please forward cover letter and résumé to:**
